Dear Ted,

It was very good to hear from you, even indirectly, after all this time, and I do thank you for sending me a copy of your letter to Fred Graham and also for your reference to Accessories.

I tried to phone you at your home last night but there was no answer. The last few days have been quite hectic, with repercussions of the Fred Graham/Lattimer story in the Sunday Times. Since Graham and Burke Marshall appear to be on close terms, I hope that your letter will help to encourage a decision to make the autopsy photographs and X-Rays available to Cyril Wecht for examination.

Perhaps we can talk on the phone one evening, if you have the time, and up-date each other on this subject.

With thanks and warmest personal regards,

Yours sincerely,
